Marriages – Part Two

1891 –1900

(end of book one)

Al Dahlquist minifroggy@aol.com

This is the second installment of the marriage records of the church of St Louis, King of France in St Paul Minnesota. I have listed parents and ages when given, and also in < > brackets have added those parents that I know from other research I have done. I would appreciate members recognizing any mistakes or clarifications in names, additions of parents etc. to email me at minifroggy@aol.com we will publish all that are sent in coming issues. I am also continuing the extracting of marriages and should have more ready in a few months. **If anyone is trying to find parents please let me know, otherwise I will probably give that a try when I am at the Library.**

Looking for a project? Do you have a subscription to Ancestry.com? In some cases it would probably be possible to figure out the parents using the census preceding the marriage year.
